

SERGIO CORDOBA

Full Stack Developer

+34603607148 @sergiocordoba246@gmail.com [Linkedln](#) [Github](#) Madrid, Spain

PROFILE

Full Stack Developer with experience in web application development using **JavaScript, React, Python, and SQL**. Currently specializing in the use and integration of **artificial intelligence tools**, including **OpenAI, ChatGPT, Claude, and Codex**, for process automation, content generation, data analysis, and **AI-assisted application development**. Experience in creating **REST APIs**, database management, and implementing model-driven solutions.

PROJECTS

Trasteando

02/2026 Madrid, Spain
<https://trasteando-marketplace.vercel.app/>

Created a storage marketplace linking space seekers with businesses offering facilities.

- Back-end development using **Python (Flask)**, with front-end implementation utilizing **JavaScript, HTML, and CSS**.
- Proficient in **frameworks** such as **React, Vue.js, and Bootstrap**.
- Experience with SQL databases (**MySQL, PostgreSQL**).
- Establishing connections between front-end and back-end using **RESTful APIs**.
- Authentication implementation using **JWT** (JSON Web Tokens).
- Integration of third-party services, including **Stripe, Google Maps, Socket.IO, OpenAI, and Inventariator IA 2.0**.
- Version control with **Git and GitHub**.

AI Development Project - Bar Aeródromo La Juliana

05/2026 Madrid, Spain
<https://bar-aerodromo-la-juliana.onrender.com/>

Optimizes hospitality management with an **AI-powered menu**, QR code-accessible, automating orders, improving efficiency and enhancing guest experiences.

- **Frontend & Backend:** Developed using JavaScript, HTML, CSS, and Python (Flask).
- **Frameworks:** Built with React and Bootstrap.
- **AI Tools:** Content generation and support leveraging OpenAI (ChatGPT/API), Claude AI, and Codex.
- **APIs:** Connected frontend and backend via RESTful APIs.
- **Security:** Implemented user authentication with JWT (JSON Web Tokens).
- **Version Control:** Managed source code using Git and GitHub.

EXPERIENCE

Head of Reception

Greystar

02/2022 - 06/2025 Madrid, Spain

- Led a reception team of 10, ensuring efficient and organized service delivery.
- Utilized data analysis tools in **Google Sheets** for operational optimization.
- Segmented and directed audiences using first and third-party data. Implemented similar audience strategies and digital advertising systems: Google Analytics, Ad Manager, DV360, Amazon DSP.
- Optimized digital advertising campaigns across Display, Video, Social Ads, CTV, and DOOH, increasing ROI.
- Applied Google Sheets features, including pivot tables, for detailed data analysis.

TOOLS

Front-End Skills

JavaScript

React
